

SPLendid MUSIC AT ELKS' ANNUAL MEMORIAL SERVICE

Elaborate Program Listened
to by Big Crowd.

FINE ORCHESTRAL PLAYING
PROVES DELIGHTFUL SURPRISE

B. S. Rodey Makes Eloquent Address
In Memoriam—Every Number
on Program a Treat.

The Elks memorial service at the Elks' opera house yesterday afternoon attracted one of the largest audiences that has filled the big theater for a long time, and the service was one of the most interesting and successful every held by the local affiliated ones. The splendid work of the newly organized orchestra was the feature of the program which excited the most enthusiastic comment from Albuquerque music lovers and the playing of this organization was a great surprise to many. While many of its members have been playing in the orchestra for a long time, it is newly organized and now includes several of the best musicians in the city who were not previously connected with it. The program was begun by the playing of Wagner's solemn and powerful funeral march by the orchestra. This was splendidly interpreted. After the opening ceremonies the Cecilia ladies' quartette made its first appearance on an Albuquerque platform in the singing of Ambrose's "One Sweetly Sought Thought," which was one of the most beautiful selections of the afternoon. The quartette is composed of Mesdames Schwenker, Miller and Washburn and Miss Chestnut, the ability of each of whom is well known to Albuquerqueans.

The quartette was followed by a fine French horn solo by George Leo Patterson, who has recently returned from Boston, where he spent the season playing with some of the most famous orchestras of the Hub. Mr. Patterson is a master of the instrument, and Wagner's "Evening Star" was never heard to better advantage.

The audience then joined in the singing of the following "Opening Ode":

Great Ruler of the Universe,
All-seeing benign,
Look down upon and bless our work,
And be all glory Thine.

Oh, hear our prayers for the honored dead,
While bearing in our mind
The memories of your dear ones,
For Auld Lang Syne.

The singing of the above was followed by an instrumental trio by Prof. Dimuro, Prof. C. L. Krebs, and George Leo Patterson, which was much enjoyed.

Former Delegate to Congress, Bernard S. Rodey then arose to make the memorial address, one of his eloquent efforts, entirely appropriate to the occasion, and altogether a masterly speech, which was listened to with close attention by the large audience. A solo by R. W. Hadden came next, "Schubert's Serenade," which in turn was followed by the orchestral rendition of the march from Wagner's "Lohengrin," which was magnificent. It was the finest bit of orchestral music ever heard in Albuquerque and those who did not hear it missed a great treat. Members of the audience yesterday were heard to say that they had seldom heard this famous march better played even in the large cities.

The program closed with the singing of "America," Miss Campbell, who was to have had a musical number, was unfortunately unable to appear.

Mr. R. W. Hadden showed by his leading of the orchestra that he is a musical director of rare ability. He has been urged to remain in Albuquerque during the winter and build up an orchestra here which will be easily the best in the southwest. Mr. Hadden is seriously considering accepting the proposal, and everyone in Albuquerque who loves good music sincerely hopes he will.

SAY MAZATLAN WILL BE BEST PORT ON THE COAST

American Consul at Mexican Port in
San Francisco.

San Francisco, Cal., Dec. 3.—The Pacific Mail liner Acapulco, Captain G. G. Trask, arrived yesterday from Panama and way ports. She was 10 days 18 hours and 41 minutes from Ancon. She brought 341 tons of cargo and treasure valued at \$11,000.

Among the passengers was Louis Kaiser, United States consul at Mazatlan. Kaiser is here for a short visit to attend to some personal business. He says that Mazatlan's commercial prospects are very bright. The Mexican government has appropriated \$7,000,000 for the improvement of the harbor, the work to be begun as soon as the government is satisfied with the progress being made with the railroad which will give Mazatlan connection by land with the rest of Mexico and the outside world. The railroad soon will be completed, and Kaiser declares that in a few years Mazatlan will be the best equipped port on the coast.

Robert Easton and Pauline Norman, seamen, discharged from the British ship Bermuda at Acapulco, came up on the Acapulco. They were discharged, they say, because after getting drunk ashore they returned to the ship and told the captain what they thought of him. They were in jail several days, and have a sore grievance against the British consul, who refused to interfere for the lightening of their punishment. The Bermuda encountered a hurricane shortly before reaching Acapulco and arrived at that port in a badly battered condition.

SLAV COLONY MAY LOCATE IN HAWAII

Russians Consider Leaving California

Honolulu, Dec. 3.—Russians who arrived here last week on the steamship Mongolia, representing a colony near Los Angeles, have had numerous conferences with Governor Carter and Land Commissioner J. B. Castle, representing the sugar planters, regarding a plan to bring a colony here. There are about 200 families and 100 persons who want to become cane field laborers if given their own homesteads. The scheme is a part of a vigorous movement here to secure white laborers, eligible to citizenship, instead of Asians.

The Makae plantation on Kauai Island will contract for all the sugar

cane the Russians raise. Commissioner Castle has offered to pay the fares of the entire colony here. The Russian representatives visited Kaula and expressed satisfaction with all the conditions except the method of acquiring lands. The law names a definite price and requires three years' residence before title to lands can be given.

The Russian representatives left today on the Manchuria for California to report to their countrymen there. It is believed that the entire Russian colony near Los Angeles will move to Hawaii. The Russians say there are 25,000 of their countrymen at home who want to settle in Hawaii. The planters are said to be anxious to have them come.

RUSSIAN POLES AND JEWS ARE NOT WANTED IN JAPAN

Government Refuses Naturalization to Prisoners.

Victoria, B. C., Dec. 3.—Failing to secure citizenship when released, Russian Poles and Jews captured by the Japanese when fighting for Russia, arrived here yesterday by the steamer Iyo Maru. They came to Canada seeking employment, having refused to return to Russia. On November 13, 3,000 Russians were sent from Yokohama to Vladivostok on the Russian steamer Ekaterinoslav. Four German steamers were at Kobe and two at Nagasaki, embarking Russians for Vladivostok. The Poles who arrived here say 13,000 of the Russian prisoners applied for Japanese citizenship when released, preferring to remain in Japan, but the Japanese government refused to naturalize them.

According to advices received by the steamer Iyo Maru, agents of Hawaiian planters are endeavoring to induce numbers of Russian prisoners in Japan to emigrate to Hawaii, offering them work on the sugar plantations.

McCulloch's Commander Stricken.
San Francisco, Cal., Dec. 3.—Captain J. C. Cantwell of the United States revenue cutter McCulloch and one of the most popular naval men in this port, was suddenly stricken with paralysis shortly after noon yesterday, and now lies in a dangerous condition at St. Francis hospital. The doctors attending Captain Cantwell say he will recover, though he had a very narrow escape from death.

Requerto Martinez shot a man named Caldwell through the heart during a dance at Cimarron, the other night. The murderer has not yet been captured.

The Sorrowful Chink Goes Back.
Last week thirty-seven Chinamen who had no "chick geese" started from Tucson for San Francisco, where they will board a transport for Hong Kong. The bunch was in charge of United States Marshal Daniels. They were absorbed up in various points in New Mexico and Arizona.

Gored by a Bull.

H. W. Gill, who is in charge of the Indians at Fort McDowell, narrowly escaped death last week. While Gill was crossing through a lot a mad bull attacked him, goring him between the knee and hip. The injury inflicted is a serious one. Gill was taken from McDowell to the Phoenix Indian school, where he is now receiving surgical attention.

In the Goat Business Strong.

H. C. Hibben and James S. Emmett have purchased 1,500 Angora goats from W. W. Snyder of Bumblebee, Yavapai county. They will be driven from that point to Lee's ferry, where there is good pasture for them. There are at present no Angoras in this county, the above gentlemen being the first to embark in the business. The industry is said by those engaged in it to be quite profitable. The fleece as well as the hide of the Angora is in demand at good prices. —Cocconino Sun.

Socorro's Narrow Escape.

A blaze was discovered Wednesday night by City Marshal Molino in time to prevent any serious loss. The fact was developed that some thief had broken through a rear window into Dr. Kornitzer's drug store, had stolen a collection of curious coins worth about a dollar and a half, and had then either carelessly or purposely set fire to a pile of inflammable material in the room before making his escape. The call was a close one, for if the blaze had not been promptly extinguished it is probable that Socorro's whole business district would have gone up in smoke. —Socorro Chief.

District Court at Socorro.

Hon. Frank W. Parker will convene the district court for Socorro county in regular session at the court house in this city Monday morning. There are many important cases docketed for trial and the great majority of them will probably be disposed of, as there is money enough in the court fund to continue the term of court for a month at least. District Clerk W. B.

THE "DODGING PERIOD"

of a woman's life, is the name often given to the "change of life." Your menses come at long intervals, and grow scantier until they stop. Some women stop suddenly. The entire change lasts three or four years, and it is the cause of much pain and discomfort, which can, however, be cured, by taking

WINE OF CARDUI Woman's Relief

It quickly relieves the pain, nervousness, irritability, miserableness, forgetfulness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life. I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

Marlin and District Attorney Elfigo Baca are very busy preparing for their respective duties during the term and will as usual give a good account of themselves. A good many visitors who expect to have business at court have already arrived in town. —Socorro Chief.

Terribly Mangled.

Last Wednesday night Frank Simpson, night engineer at the West Gold Road mine, met with a terrible accident in which he sustained the loss of one arm. He was attempting to put a belt on the compressor when he slipped and his arm was thrown between the big belt and pulley. The revolutions of the pulley carried him around and he was dashed violently to the ground, where he remained in an unconscious condition for some time. He was removed to the hospital, where Dr. T. W. Grace removed the mangled arm. At the present time the injured man is getting along quite well and if no complications arise his recovery is assured. —Kingman Miner.

Colorado on a Rampage.

The Colorado river is on a wild rampage. The stream is higher than it has been since 1881, and measures thirty-two feet. The river is reported to be falling at several points above Yuma. It is believed the water will begin falling there. The only damage done to the city of Yuma is the flooding of the electric light plant, which leaves the place in darkness. A careful patrol of all weak places in the Yuma levees is being maintained. —It would require an additional plan of several feet for the water to be behind over. Everything is lost at the Imperial heading. All the works are destroyed and the machinery and canal supplies swept away. The water is cutting the channel deeper and wider very rapidly. All hope is gone of changing the course of the river back to its old channel.
